TECHNICAL SERVICES BULLETIN	Yokohama Mie Ply Separation	11/05/2026

Yokohama Tire Corporation is initiating a voluntary recall of certain tires manufactured from the Yokohama Mie plant for DOT week 22 in 2026. The recall, initiated in accordance with NHTSA regulations, was issued because the tires may have been manufactured with an improper compound in the sidewall. Reduced adhesion may cause carcass-ply separation, air leakage or rapid air loss. Loss of inflation pressure can reduce vehicle control and increase crash risk. Yokohama will replace the subject tires at no charge to consumers.

1. **What tires are subject to this recall: "Eligible Tires"?**

Tire Model	Tire Size	Load Range	Yokohama Part Number	DOT TIN ("Serial") Begins With	DOT TIN ("Serial") Ends With
GEOLANDAR M/T G003	LT245/75R16 120/116Q	E	110133312	1FBA3 YTHK	2226
GEOLANDAR M/T G003	LT285/70R17 121/118Q	E	110133320	1FB7L YTHK	2226

2. **What tire condition is involved?**
   The casing coat compound may contain foreign material. This contamination may reduce adhesion within the casing structure and may allow a sidewall bulge or casing separation to develop.

3. **What is the effect of this condition for driving safety?**
   If the tire experiences a casing separation or sudden air loss, there is an increased risk of a crash.

4. **How do I handle tire replacements?**
   If an eligible tire is identified, remove it from service and replace it with an identical or substantially similar Yokohama tire in accordance with the approved recall instructions.

5. **How do I process the removed tires for warranty reimbursement?**
   Submit the eligible removed tires under the Yokohama standard limited warranty procedures and state, "Mie Ply Separation Recall" on the Standard Warranty Claim Form as the reason for removal. Additional Standard Warranty Claim Forms can be requested by e-mail at **marketingmaterials@yokohamatire.com.**

   Affix corresponding tire identification stickers to the tread portion of claim tires. For example, the sticker numbered G12345-1 would be placed on the tire listed as line item #1 on claim form number G12345. Sticker number G12345-2 would be placed on the tire listed as line item #2, and so on.

   For new tires remove the new tire tread label prior to shipping.

   White copy of the Standard Warranty Claim Form is to be placed in an envelope and secured to the tire(s). Tires may be shipped with other warranty submissions or separately using the normal warranty return procedure. Alternate shipping can be arranged by contacting the recall campaign call center (contact info below).

   If eligible tire(s) are confirmed by Yokohama, free replacement credit will be granted for an identical tire (or substantially similar Yokohama part at Yokohama's discretion). Tread depth proration credit will be granted if non-Yokohama brand tires are installed. Applicable claim handling and mounting allowances will be communicated in the final recall campaign instructions.

   Eligible tires must be sent together with the claim form to:
   Yokohama Campaign Service Center | 5925 Opus Drive Groveport, OH 43125.
   For further shipment details see the Technical Services bulletin at **TSB Warranty Returns**
   Warranty Returns New Request Form and Authorized Freight Carrier for Columbus, OH Warranty Center

6. **What is the "Eligible Time Period" for this recall?**
   Owners of eligible tires will receive a dated letter with instructions for the service campaign. The free replacement period and any applicable limitations will be stated in the owner notification letter. After that period, the Yokohama Standard Limited Warranty coverage and policy applies.

7. **How will owners of eligible tires be notified or become aware of this recall?**
   Notification letters will be sent to all registered and recorded owners of eligible tires in the United States. A public notice will be placed on **www.yokohamatire.com**.

8. **How can anyone find answers to questions?**
   Go to **www.yokohamatire.com** to find this technical service bulletin and recall information. For assistance, contact the Yokohama recall campaign call center at the telephone number provided in the final recall communication**.**

9. **What if I need special assistance with this recall?**
   If you need our assistance, please **call the Yokohama Campaign Call Center 1-800-722-9888 or email at recall@yokohamatire.com.** Consumer Affairs specialists are available from 5AM to 2:30PM PST, Monday through Friday.

10. **What should dealers do with eligible tires in inventory?**
    Immediately stop sale and installation, identify and segregate eligible tires, mark them "HOLD – DO NOT SELL OR INSTALL," and follow Yokohama's written recall return and disposition instructions.

IMPORTANT: This bulletin applies only to tires distributed in the United States. It does not apply to Canada or Mexico.
