

## A RUGGED HIGHWAY DRIVE TIRE WITH TRUE FOUR SEASON TRACTION

The exceptional traction capabilities of the SY767 overcome wet, muddy and snowy highway conditions. Its optimum tread compound contributes to long treadlife and extended casing. With the SY767, you not only get great all-weather grip, you get great mileage, too.

### EXTENSIVE TREADLIFE WITH EVEN WEAR

- **Extra-wide tread matched with 26/32" tread depth** promotes great handling, stability and long, even wear.
- **Thick under tread** provides cool running for extended casing life

### MAXIMUM ROAD CONTACT

- **Multi-season rubber compounding** is our latest compound that ensures superior grip and wear resistance.

### BUILT FOR GREAT HANDLING IN ANY SEASON

- **Deep wide grooves** efficiently evacuate water to maximize contact with the road surface.
- **Extensive grooving and siping** maximize biting edges for enhanced traction. Closed sipes increase traction without reducing block rigidity.

### IT'S IN OUR DNA.

Our innovative business philosophy, SmartSolution®, is our commitment to meeting the most essential demands of today's fleets: Longevity, Efficiency, Availability and Dependability.
