

## MORE FEATURES FOR EVEN MORE VALUE.

We've made it our goal to ensure that we're always offering strong, reliable performing products that serve as an exceptional value for fleets as well as owner/operators. The RY617™ has all the traditional Yokohama qualities that savvy buyers have come to rely upon, along with the latest features that deliver long, even wear, enhanced wet traction and durability.

### OPTIMIZED TREAD DESIGN FOR LONG, EVEN WEAR

#### 18/32" Tread Depth

Delivers extended removal mileage.

#### Variable Contour Groove Wall

Provides added rib stiffness that further combats uneven treadwear.

### REDUCED STRAIN AND CONTROLLED CASING GROWTH

#### Stress Control Groove (SCG)

Reduces contact pressure at the tread edge, providing increased resistance to shoulder step down wear and promotes long even wear, particularly at the shoulder area.

### CONFIDENT HANDLING WITH ADVANCED PROTECTION

#### Five-Rib Tread Design

Includes over 6,000 sipes that provide excellent water evacuation and uniform wear. Special stress control sipes are especially effective in combating river wear.

#### Rock Shield Platforms

Reduce stone and debris penetration for improved casing life, durability and retreadability.

### SmartWay® Verified

Our RY617 is one of many Yokohama tires designed to meet SmartWay's stringent low rolling resistance criteria.

**6** YEAR  
**THREE** RETREADS  
CASING WARRANTY

Backed by a 6-year three retread casing warranty.
